

# A/S "KURZEMES ATSLĒGA-1"

## metālkalumu katalogs

Kopš 2001. gada uzņēmuma palīgozare ir metālkalumu izgatavošana. Strādājam ar firmas GLASER programmvadības darbapaldiem. Pasūtījumu apjoms katru gadu palielinās. Metālkaluma žoga posmus, vārtus, balkonu un kāpņu margas, un to atsevišķus dekoratīvus elementus izgatavojam pēc mūsu kataloga vai klienta pasūtījuma. Iespējami dažādi žoga stieņu garumi, galu veidojuma varianti un dekoratīvo elementu izvietojumi. Dekoratīvo elementu izvēle tiek palielināta. Palīdzam klientam izvēlēties labāko variantu.

Mūsu uzņēmums atrodas Aizputē, Kalvenes ielā 27  
Tālr.: 634 48644, 634 48075  
Fakss: 634 49391
